# DRAFT

## Independent Auditor's Report

To the Town Council  
Town of Bartonville, Texas

I have audited the accompanying financial statements of the governmental activities and major funds of the Town of Bartonville, Texas as of and for the year ended September 30, 2017, and the related notes to the financial statements, which collectively comprise the Town's basic financial statements as listed in the table of contents.

### **Management's Responsibility for the Financial Statements**

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

### **Auditor's Responsibility**

My responsibility is to express opinions on these financial statements based on my audit. I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal controls relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, I express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my audit opinions.

## **Opinions**

In my opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of the Town of Bartonville, Texas, as of September 30, 2017, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

## **Other Matters**

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the budgetary comparison schedule, the schedule of changes in net pension liability and related ratios and the schedule of pension contributions be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management regarding the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements, and other knowledge I obtained during my audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

TOWN OF BARTONVILLE

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND  
CHANGES IN FUND BALANCE OF GOVERNMENTAL FUNDS TO  
STATEMENT OF ACTIVITIES

*For the Year Ended September 30, 2017*

Net Change in Fund Balance - Governmental Funds \$ 341,694

Amounts reported for governmental activities in the  
Statement of Activities are different because:

Governmental funds report capital outlay as expenditures. However, in the statement of activities  
the cost of these assets is allocated over their estimated useful lives as depreciation expense:

Capital assets recorded in the current period 252,774

Depreciation expense on capital assets (318,481)

The issuance of debt is revenue in the governmental funds, but increases long-term  
liabilities in the statement of net assets: 0

Repayment on debt principle is an expenditure in the governmental funds, but the repayment  
reduces long-term liabilities in the statement of net assets: 110,000

Revenues in the statement of activities that do not provide current financial  
resources are not reported as revenues in the funds:

Deferred Revenues - Property Taxes (1,084)

Some expenses in the statement of activities do not require the use of current financial  
resources and therefore are not reported as expenditures in the governmental funds:

Compensated absences (1,175)

Accrued Interest on long-term debts 256

Governmental funds report pension expense as it paid into the retirement plan during the fiscal year.  
However, in the statement of activities, pension expense reflects the change in net pension  
liability during the plan fiscal year (calendar year 2016):

(32,206)

**CHANGE IN NET POSITION OF GOVERNMENTAL ACTIVITIES**

**\$ 351,778**

# TOWN OF BARTONVILLE

## NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2017

### NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES -

The Town of Bartonville operates under a Council-Mayor form of government, following the laws of a General Law Town as defined by the State of Texas. The Town provides the following services: inspection, municipal court, police, public works, and general administrative services.

The Town's financial statements are prepared in accordance with generally accepted accounting principles accepted in the United States of America (GAAP) applicable to local governments. GAAP for local governments include those principles prescribed by the Governmental Accounting Standards Board (GASB). The more significant accounting policies of the Town are discussed below:

#### A. REPORTING ENTITY

As required by generally accepted accounting principles, the financial statements of the reporting entity include those of the Town of Bartonville (the primary government) and its component units. The following component units are included in the Town's reporting entity because of their operational and financial relationship with the Town.

Blended component units:

The Bartonville Community Development Corporation (the B.C.D.C.) is governed by a board of seven directors, all of whom are appointed by the Town Council of the Town of Bartonville and any of whom can be removed from office by the Town's Council at its' will. The B.C.D.C. was incorporated in the state of Texas as a non-profit industrial development corporation under the Development Corporation Act of 1979. The purpose of the B.C.D.C. is to promote economic development within the Town of Bartonville.

At its May 2010 election the citizens of the Town of Bartonville approved the creation of the Town of Bartonville Crime Control and Prevention District (the B.C.C.D.) an adopted a local sales and use tax of one-quarter of one percent (.25%) to fund the B.C.C.D. The District is governed by a board of seven directors, all of whom are appointed by the Town Council of the Town of Bartonville. The purpose of the B.C.C.D. is to provide training for the Town's police officers, purchase necessary equipment and technology needed to provide a higher level of crime prevention and crime control in the District and to provide avenues to inform and educate the citizens of the District in multiple crime control topics and applications. The B.C.C.D. began collecting sales tax revenues in October 2010.

Individual audited financial statements of the component units are not issued. Management issued financial statements can be obtained from the Town's administrative offices.

## TOWN OF BARTONVILLE

### NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2017

#### **B. BASIC FINANCIAL STATEMENTS-GOVERNMENT-WIDE STATEMENTS:**

The Town's basic financial statements include both government-wide (reporting the Town as a whole) and fund financial statements (reporting the Town's major funds). Both the government-wide and fund financial statements categorize primary activities as either governmental or business type. The Town's inspection, police, municipal court, parks, public works, and general administrative services are classified as governmental activities. The Town does not provide any business-type activities.

In the government-wide Statement of Net Position governmental activities are presented on a consolidated basis and are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The Town's net position is reported in three parts- invested in capital assets, net of related debt; restricted net position; and unrestricted net position. The Town first utilizes restricted resources to finance qualifying activities.

The government-wide Statement of Activities reports both the gross and net costs of each of the Town's Functions (general government, public safety, and public works). The functions are also supported by general government revenues (property, sales and franchise taxes). The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function (police, inspection). Operating grants include operating-specific and discretionary grants while capital grants reflect capital specific grants. Developer contributions for public works infrastructure are included in capital grants.

The net costs (by function) are normally covered by general revenue (property, sales, franchise taxes).

The Town does not allocate indirect costs.

This government-wide focus is more on the sustainability of the Town as an entity and the change in the Town's net position resulting from the current year's activities.

#### **C: BASIC FINANCIAL STATEMENTS - FUND FINANCIAL STATEMENTS:**

The financial transactions of the Town are reported in individual funds in the fund financial statements. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues and expenditures/expenses. The various funds are reported by generic classification within the financial statements.

The Town only provides Governmental Fund type activities. The Town has presented the following major funds:

General Fund - The General Fund is the general operating fund of the Town. It is used to account for all financial resources not accounted for in other funds.

## TOWN OF BARTONVILLE

### NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2017

Capital Improvement Fund - The Capital Improvement Fund is used to account for funds restricted or designated for future capital improvements.

Community Development Corporation Fund - The Community Development Corporation Fund is used to account for the financial resources of the Bartonville Community Development Corporation, a blended component unit of the Town. The fund balance of the Community Development Corporation is reserved to signify amounts that are restricted to be used for economic development within the scope of the Bartonville Community Development Corporation's by-laws.

Crime Control and Prevention District - The Crime Control and Prevention District Fund is used to account for the financial resources of the Bartonville Crime Control and Prevention District, a blended component unit of the Town. The fund balance of the Crime Control and Prevention District is reserved to signify amounts that are restricted to be used for crime control and prevention within the scope of the Bartonville Crime Control and Prevention District's governing code.

The Town does not provide any Business-type activities or have any Fiduciary Funds.

#### **D: MEASUREMENT FOCUS/BASIS OF ACCOUNTING:**

Measurement focus refers to what is being measured; basis of accounting refers to when revenues or expenditures/expenses are recognized in the accounts and reported in the financial statements. Basis of accounting related to the timing of the measurements made, regardless of the measurement focus applied.

1. Government-wide financial statements and fund financial statements for proprietary funds are presented using the economic resources measurement focus and the accrual basis of accounting. The economic resources measurement focus means all assets and liabilities (whether current or non-current) are included on the statement of net position and the operating statements present increases (revenues) and decreases (expenses) in total assets. Under the accrual basis of accounting revenues are recognized when earned and expensed are recognized at the time the liability is incurred.
2. Governmental fund financial statements are presented using the current financial resources measurement focus and are accounted for using the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual; i.e. both measurable and available. "Measurable" means the amount of the transaction can be determined and "Available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period (typical within 60 days after year end). Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred. The exception to this general rule is that principle and interest on general obligation long-term debt, if any, is recognized only when payment is due.

## TOWN OF BARTONVILLE

### NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2017

#### 3. Revenue Recognition:

The Town considers property, sales and franchise taxes as available if collected within 60 days after year end. All other governmental revenues are recognized when received.

#### 4. Use of Estimates:

The preparation of financial statements in conformity with generally accepted accounting principles to local governments in the United States of America requires management and those charged with governance to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### 5: New Accounting Principles:

The Town has adopted all current GASB pronouncements that are applicable to its operations and activities. The accounting principles governing the reported amounts, financial presentations, and disclosures are subject to change from time to time based on new pronouncements and / or rules issued by various standards-setting bodies. The GASB has issued the following new statements that are potentially applicable to the Town of Copper Canyon.

- Statement No. 81, *Irrevocable Split-Interest Agreements*. This statement will not affect the City.
- Statement No. 82, *Pension Issues – an Amendment of GASB Statements No. 67, No. 68 and No.73*. The effect of this statement will be recognized in the fiscal year 2018.
- Statement No. 83, *Certain Asset Retirement Obligations*. This statement will not affect the City.
- Statement No. 84, *Fiduciary Activities*. This statement will not affect the City.
- Statement No. 85, *Omnibus 2017*. The effect of this statement will be recognized in the fiscal year 2018.
- Statement No. 86, *Certain Debt Extinguishment Issues*. This statement will not affect the City.
- Statement No. 87, *Leases*. The effect of this statement will be recognized in the fiscal year 2021, with earlier application allowed.

New pronouncements not yet in effect as of September 30, 2017, are not expected to have any significant impact on the Town's financial position, results of operations, or cash flows. The Town is currently studying these new pronouncements and will adopt them in the fiscal year ending September 2017, as required.

**TOWN OF BARTONVILLE**

**NOTES TO THE FINANCIAL STATEMENTS**

**SEPTEMBER 30, 2017**

**E. FINANCIAL STATEMENT AMOUNTS:**

**1. Cash and cash Equivalents:**

The Town has defined cash and cash equivalents to include cash on hand and demand deposits and time deposits with an original maturity of 90 days or less.

**2. Capital Assets:**

Capital assets which include land, buildings, office equipment, police equipment and infrastructure (roads, bridges and drainage systems) purchased or acquired with an original cost of \$1,000 or more are reported at historical cost or estimated historical cost. Contributed assets are reported at fair market value as of the date received. Additions, or improvements and other capital outlays that significantly extend the useful lives of assets are capitalized. Other costs incurred for repairs and maintenance are expensed as incurred. Depreciation is provided using the straight-line basis over the following estimated useful lives:

Buildings	5 - 40 years
Equipment	3 - 10 years
Infrastructure	15 years

**3. Restricted Resources:**

When an expense is incurred for purposes for which both restricted and unrestricted resources are available the Town first applies restricted resources.

**4. Compensated Absences:**

The Town accrues accumulated unpaid comp and vacation time when earned by the employee. Unused compensatory time is paid upon termination. All comp and vacation time is accrued in the government-wide statements. A liability for these amounts is not recorded in the governmental fund statements and represents a reconciling item between the fund and government-wide presentations.

**5. Deferred Outflows of Resources:**

The Town reports decreases in net assets that relate to future periods as deferred outflows of resources in a separate section of its government-wide statement of net position. Deferred outflows of resources reported in this year's financial statement include (1) a deferred outflow of resources for contributions made to the Town's retirement plan between the measurement date of the net pension liabilities from the plan and the end of the Town's fiscal year end, (2) deferred outflows of resources related to differences between the plans' projected and actual earnings, (3) deferred outflows of resources related to changes in pension assumptions and (4) deferred outflows of resources related to differences between the expected and actual demographics of the Town's pension plan. The deferred outflows for pension contributions will be recognized in the subsequent fiscal year. The deferred outflows related to differences between projected and actual plan earnings will be amortized to pension expense

## TOWN OF BARTONVILLE

### NOTES TO THE FINANCIAL STATEMENTS

SEPTEMBER 30, 2017

over a total of five years, including the current fiscal year. The deferred outflows related to changes in assumptions and deferred outflows related to differences in actuarial assumptions for demographic factors amount will be recognized over a closed period equal to the average of the expected remaining service lives of all employees participating in the plan. No deferred outflows of resources affect the governmental funds financial statements in the current year.

#### **6. Deferred Inflows of resources:**

The Town's statement of government-wide net position reports a separate section for deferred inflows of revenues. This separate financial statement element reflects an increase in net assets that applies to a future period(s). There are no deferred inflows of resources currently reported by the Town in its government-wide position reports. In its governmental funds, the only deferred inflow of resources is for revenues that are not considered available. The Town will not recognize the related revenues until they are available (collected no later than 60 days after the end of the Town's fiscal year) under the modified accrual basis of accounting. Accordingly, unavailable revenues from property taxes are reported in the governmental funds balance sheet as deferred inflows of resources.

#### **7. Pensions:**

For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the Fiduciary Net Position of the Texas Municipal Retirement System (TMRS) and additions to/deductions from TMRS's Fiduciary Net Position have been determined on the same basis as they are reported by TMRS. For this purpose, plan contributions are recognized in the period that compensation is reported for the employee, which is when contributions are legally due. Benefit payments and refunds are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value.

#### **8. Equity Classifications:**

##### *Government-wide Statements*

Equity is classified as net position and displayed in three components:

- a. Invested in capital assets, net of related debt - Consists of capital assets net of accumulated depreciation and reduced by outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. Any outstanding debt is reduced by any unspent debt proceeds at the end of the fiscal year before the reduction discussed above.
- b. Restricted net position - Consists of net assets with constraints placed on the use either (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments; or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net position - All other net assets that do not meet the criteria of "restricted" or "invested in capital assets, net of related debt."

**TOWN OF BARTONVILLE**

**NOTES TO THE FINANCIAL STATEMENTS**

**SEPTEMBER 30, 2017**

*Fund Statements*

Governmental fund equity is classified as fund balance. Fund balance is further classified as nonspendable (prepaid expenses), restricted (by parties outside of the government or by enabling legislation), committed (by Town Council ordinance or resolution) and unassigned.

**F: BUDGETS AND BUDGETARY ACCOUNTING:**

The Town follows these procedures in establishing the budgetary data reflected in the financial statements:

- 1: Prior to September 1, the Town Secretary submits to the Town Council a proposed operating budget for the fiscal year commencing the following October 1. The operating budget includes proposed expenditures and the means of financing them.
- 2: Public hearings are conducted to obtain taxpayer comments.
- 3: Prior to October 1, the budget is legally enacted through the passage of an ordinance.
- 4: Budgets for the General Fund are adopted on a basis consistent with generally accepted accounting principles (GAAP).
- 5: Unused appropriations for all of the above annually budgeted funds lapse at the end of the fiscal year.

For the fiscal year ending September 30, 2017 expenditures exceeded appropriations for the following departments and amounts:

Administration	\$ 79,606
Public Safety	\$ 6,822
Police	\$ 7,327

**TOWN OF BARTONVILLE**

**NOTES TO THE FINANCIAL STATEMENTS**

**SEPTEMBER 30, 2017**

**NOTE 2: DEPOSITS:**

At September 30, 2017, the carrying amount of the Town's cash accounts was \$1,732,424, made up of petty cash of \$200 and \$1,732,224 held in checking accounts at a local financial institution. The Town did not own any investments at September 30, 2017.

Deposit and Investment risk Disclosures:

(1) Custodial credit risk:

Custodial credit risk for deposits is the risk that, in the event of the failure of depository financial institution, the Town will not be able to recover its deposits or will not be able to recover collateral securities that are in the possession of outside parties.

At September 30, 2017, the Town's bank balances (per bank) totaled \$1,733,517. Of the bank balances, \$500,000 was covered by federal depository insurance and \$1,233,517 was secured by collateral held by the pledging Bank's agent in the name of the Town. The Town was not exposed to custodial credit risk at September 30, 2017.

Securities pledged by the Town's depository institution at September 30, 2017 are as follows:

SECURITY	PAR	FMV
FHLB-letter of credit, maturity date 8/10/18	\$2,000,000	\$2,000,000

(2) Credit Risk:

Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of an investment. The Town does not currently own any investments and, therefore, is not exposed to credit risk.

(3) Concentration of credit risk:

This is the risk of loss attributable to the magnitude of the Town's investment in a single issuer. The Town does not currently own any investments and, therefore, is not exposed to concentration of credit risk.

(4) Interest rate risk:

This is the risk that changes in interest rates will adversely affect the fair value of an investment. The Town does not currently own any investments and, therefore, is not exposed to interest rate risk.

**TOWN OF BARTONVILLE**

**NOTES TO THE FINANCIAL STATEMENTS**

**SEPTEMBER 30, 2017**

**NOTE 3: COMMITTED CASH:**

By Town Council resolution funds held in the “Capital Improvement” account at a local Bank are committed for Town capital improvements. At September 30, 2017, the Town had committed road improvement funds totaling \$116,343.

By Town Council resolution funds held in the “Vehicle & Equipment” account at a local Bank are committed for future vehicle and equipment purchases. At September 30, 2017, the Town had committed vehicle and equipment funds totaling \$17,479.

By Town Council resolution funds held in the “Street Maintenance” accounts at a local Bank are committed for Town road improvements. At September 30, 2017, the Town had committed road improvement funds totaling \$481,769.

**NOTE 4: CAPITAL ASSETS:**

Capital asset activity for the fiscal year ended September 30, 2017 is as follows:

CAPITAL ASSETS	BEGINNING		DELETIONS/		
GOVERNMENTAL ACTIVITIES	G	ADDITIONS	TRANSFERS		ENDING
Land	\$ 510,102	\$ 0	\$ 0	\$	510,102

A description of the Town's long-term debt is as follows:

**Tax Notes:**

In July 2015 the Town issued \$550,000 of tax notes for the purpose of constructing and improving streets within the Town. The notes bear interest at 1.85%, require annual principle and interest payments and have a final maturity date of August 2020. The notes are secured by an annual ad valorem tax to be assessed by the Town for payment of the notes.

Annual note payments for the Town's tax notes are as follows:

YEAR ENDING SEPTEMBER 30,	PRINCIPAL	INTEREST	TOTAL
2018	\$ 110,000	\$ 6,197	\$ 116,197
2019	110,000	4,162	114,162

<b>TOTALS</b>	\$ <u><u>335,000</u></u>	\$ <u><u>12,487</u></u>	\$ <u><u>347,487</u></u>

**TOWN OF BARTONVILLE**

**NOTES TO THE FINANCIAL STATEMENTS**

**SEPTEMBER 30, 2017**

**NOTE 6: RETIREMENT PLAN:**

A. Plan Description

The Town participates as one of 872 plans in the non-traditional, joint contributory, hybrid defined benefit plan administered by the Texas Municipal Retirement System (TMRS). TMRS is an agency created by the State of Texas and administered in accordance with the TMRS Act, Subtitle G, Title 8, Texas Government Code (the TMRS Act) as an agent multiple-employer retirement system for municipal employees in the State of Texas. The TMRS Act places the general administration and management of the System with a six-member Board of Trustees. Although the Governor, with the advice and consent of the Senate, appoints the Board, TMRS is not fiscally dependent on the State of Texas. TMRS's defined benefit pension plan is a tax-qualified plan under Section 401(a) of the Internal Revenue Code. TMRS issues a publicly available comprehensive annual financial report (CAFR) can be obtained at [www.TMRS.com](http://www.TMRS.com).

All eligible employees of the Town are required to participate in TMRS.

B. Benefits provided

TMRS provides retirement, disability and death benefits. Benefits are adopted by the governing body of the Town, within the options available in the state statutes governing TMRS.

At retirement, the benefit is calculated as if the sum of the employee's contributions, with interest, and the Town-financed monetary credits with interest were used to purchase an annuity. Members choose to receive their retirement benefit in one of seven payment options. Members may also choose to receive a portion of their benefit as a partial Lump Sum Distribution in an amount equal to 12, 24 or 36 monthly payments, which cannot exceed 75% of the member's deposits and interest.

The Town has adopted the following plan provisions:

	Plan Year 2016	Plan Year 2017
Employee deposit rate	7.00%	7.00%
Matching ratio (City to employee)	2 to 1	2 to 1
Years required for vesting	5	5
Service retirement eligibility (expressed as age/years of service)	60/5 or 0/20	60/5 or 0/20

**TOWN OF BARTONVILLE**

**NOTES TO THE FINANCIAL STATEMENTS**

**SEPTEMBER 30, 2017**

At the December 31, 2016 valuation and measurement date, the following number of employees covered by the benefit terms was:

Inactive employees or beneficiaries currently receiving benefits	6
Inactive employees entitled to but not yet receiving benefits	5
Active employees	<u>7</u>
	18

C. Contributions

The contribution rates for employees in TMRS are either 5%, 6% or 7% of employee gross earnings, and the Town matching percentages are either 100%, 150% or 200%, both as adopted by the governing body of the Town. Under the state law governing TMRS, the contribution rate for each Town is determined annually by the actuary, using the Entry Age Normal (EAN) actuarial cost method. The actuarially determined rate is the estimated amount necessary to finance the cost of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability.

Employees of the Town were required to contribute 7% of their annual gross earnings during the fiscal year. The contribution rates for the Town were 13.01% and 10.82% for the calendar years 2017 and 2016 respectively. The Town's contributions to TMRS for the fiscal year ended September 30, 2017 were \$54,687 and were equal to the required contributions.

D. Net Pension Liability or Assets

The Town's Net Pension Liability (NPL) was measured as of December 31, 2014, and the Total pension Liability (TPL) used to calculate the Net pension Liability was determined by actuarial valuation as of that date.

***Actuarial Assumptions:***

The Total Pension Liability in the December 31, 2016 actuarial valuation was determined using the following actuarial assumptions:

Inflation	2.5% per year
Overall payroll growth	3.0% per year
Investment rate of return	6.75%, net of pension plan investment expense, including inflation

Salary increases were based on a service-related table. Mortality rates for active members, retirees, and beneficiaries were based on the gender-distinct RP2000 Combined Healthy Mortality Table, with male rates multiplied by 109% and female rates multiplied by 103%. For additional conservatism lower termination rates are used, with maximum multipliers of 75%, and the life expectancy is loaded by decreasing the mortality rates by 1% for every active member less than 15. These rates are projected on a fully generational basis by scale BB to account for future mortality improvements. For

**TOWN OF BARTONVILLE**

**NOTES TO THE FINANCIAL STATEMENTS**

**SEPTEMBER 30, 2017**

disabled annuitants, the gender-distinct RP2000 Combined Healthy Mortality tables with Blue Collar Adjustment are used with males multiplied by 109% and female rates multiplied by 103% with a 3-year set-forward for both males and females. In addition, 3% minimum mortality rate is applied to reflect the impairment for younger members who become disabled. The rates are projected on a fully generational basis by scale to account for future mortality improvements subject to the 3% floor.

Actuarial assumptions used in the December 31, 2016, valuation were based on the results of actuarial experience studies. The experience study in TMRS was for the period December 31, 2010 through December 31, 2014. Healthy post-retirement mortality rates and annuity purchase rates were updated based on a Mortality Experience Investigation Study covering 2009 through 2011, and dated December 31, 2013. These assumptions were first used in the December 31, 2013 valuation, along with a change to the Entry Age Normal (EAN) actuarial cost method. Assumptions are reviewed annually. No additional changes were made for the 2014 valuation. After the Asset Allocation Study analysis and experience investigation study, the Board amended the long-term expected rate of return on pension plan investments from 7% to 6.75%. Plan assets are managed on a total return basis with an emphasis on both capital appreciation as well as the production of income, to satisfy the short-term and long-term funding needs of TMRS.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. In determining their best estimate of a recommended investment return assumption under the various alternative asset allocation portfolios, GRS focused on the area between (1) arithmetic mean (aggressive) without an adjustment for time (conservative) and (2) the geometric mean (conservative) with an adjustment for time (aggressive). At its meeting on July 30, 2015, the TMRS Board approved a new portfolio target allocation.

The target allocation and best estimates of arithmetic real rates of return for each major asset class are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return (Arithmetic)
Domestic Equity	17.5%	4.55%
International Equity	17.5%	6.35%
Core Fixed Income	10.0%	1.00%
Non-Core Fixed Income	20.0%	4.15%
Real Return	10.0%	4.15%
Real Estate	10.0%	4.75%
Absolute Return	10.0%	4.00%
Private Equity	5.0%	7.75%
Total	100.0%	

**TOWN OF BARTONVILLE**

**NOTES TO THE FINANCIAL STATEMENTS**

**SEPTEMBER 30, 2017**

***Discount Rate:***

The discount rate used to measure the Total Pension Liability was 6.75%. The projection of cash flows used to determine the discount rate assumed that employee and employer contributions will be made at the rates specified in statute. Based on that assumption, the pension plan's Fiduciary Net Position was projected to be available to make all projected future benefit payments of current active and inactive employees. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the Total Pension Liability.

***Changes in Net Pension Liability:***

	Total Pension Liability (a)	Plan Fiduciary Net Position (b)	Net Pension Liability (a) - (b)
Balance at December 31, 2015	\$ 975,993	\$ 616,323	\$ 359,670
Service Cost	64,881		64,881
Interest	66,333		66,333
Differences between expected and actual results	5,787		5,787
Changes in assumptions	0		0
Contributions - employer		46,233	(46,233)
Contributions - employee		30,177	(30,177)
Net investment income		41,694	(41,694)
Benefit Payments, including refunds of employee contributions	(51,439)	(51,439)	0
Administrative expense		(470)	470
Other		(25)	25
Net Changes	85,562	66,170	19,392
Balance at December 31, 2016	\$ 1,061,555	\$ 682,493	\$ 379,062

***Sensitivity of the net pension liability to changes in the discount rate:***

The following presents the net pension liability of the Town, calculated using the discount rate of 6.75%, as well as what the Town's net pension liability would be if it were calculated using a discount rate that is 1-percentage-point lower (5.75%) or 1-percentage-point higher (7.75%) than the current rate:

	1% Decrease in Discount Rate (5.75%)	Discount Rate (6.75%)	1% Increase in Discount Rate (7.75%)
Town's Net Pension Liability	\$ <u>523,921</u>	\$ <u>379,062</u>	\$ <u>260,853</u>

**TOWN OF BARTONVILLE**

**NOTES TO THE FINANCIAL STATEMENTS**

**SEPTEMBER 30, 2017**

***Pension Plan Fiduciary Net Position:***

Detailed information about the pension plan's Fiduciary Net Position is available in a separately-issued TMRS financial report. That report may be obtained on the Internet at [www.tmr.com](http://www.tmr.com).

E: Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions:

For the year ended September 30, 2017 the Town recognized pension expense of \$86,893.

At September 30, 2017, the Town reported deferred outflows of resources and deferred inflows of resources related to pension from the following Sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources	Net
Differences between expected and actual economic experience	\$ 16,780	\$ 0	\$ 16,780
Differences in assumptions	15,436	0	15,436
Differences between projected and actual investment earnings	27,359	0	27,359
To be recognized in the future	59,575	0	\$ 59,575
Contributions subsequent to the measurement date	41,662	0	
<b>Total</b>	<b>\$ 101,237</b>	<b>\$ 0</b>	

\$41,682 reported as deferred outflows of resources related to pensions resulting from contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability for the year ending September 30, 2017. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized in pension expense as follows:

Year Ending December 31,	
2017	\$ 26,551
2018	23,117
2019	9,600
2020	307
2021	0
Thereafter	0
	<b>\$ 59,575</b>

**TOWN OF BARTONVILLE**

**NOTES TO THE FINANCIAL STATEMENTS**

**SEPTEMBER 30, 2017**

**NOTE 7: PROPERTY TAX:**

Property tax is levied each October 1 on the assessed (appraised) value as of the prior January 1 for all real and personal property located in the Town. Taxes are due October 1, the levy date, and are delinquent after the following January 31. Property taxes at the fund level are recorded as receivables and deferred revenues at the time taxes are assessed. Revenues are recognized as the related taxes are collected.

**NOTE 8: RISK MANAGEMENT**

The Town is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Town is a member of the Texas Municipal League Intergovernmental Risk Pool (“TMLIRP”) which is a public entity insurance risk pool. Annual contributions to TML are reported in the general fund. Management believes coverage presently purchased from TMLIRP is sufficient to preclude significant uninsured losses to the Town.

January 16, 2018

To the Mayor & Town Council  
Town of Bartonville

I have audited the financial statements of the governmental activities and the major funds of the Town of Bartonville for the year ended September 30, 2017, and have issued my report thereon dated January 16, 2018. Professional standards require that I provide you with the following information about my responsibilities under generally accepted auditing standards as well as certain information related to the planned scope and timing of my audit. I have communicated such information in my letter to you dated August 28, 2017. Professional standards also require that I communicate to you the following information related to my audit.

Significant Audit Findings

*Qualitative Aspects of Accounting Practices*

Management is responsible for the selection and use of appropriate accounting policies. The significant accounting policies used by Town of Bartonville are described in Note 1 to the financial statements and the application of existing policies was not changed during 2017. I noted no transactions entered into by the governmental unit during the year for which there is a lack of authoritative guidance or consensus. There are no significant transactions that have been recognized in the financial statements in a different period than when the transaction occurred.

Accounting estimates are an integral part of the financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the financial statements and because of the possibility that future events affecting them may differ significantly from those expected. The most sensitive estimate(s) affecting the financial statements was:

Management's estimate of depreciation expense is based on the estimated useful lives of the related assets. I evaluated the key factors and assumptions used to develop the depreciation expense in determining that it is reasonable in relation to the financial statements taken as a whole.

*Difficulties Encountered in Performing the Audit*

I encountered no significant difficulties in dealing with management in performing and completing my audit.

*Corrected and Uncorrected Misstatements*

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

### *Disagreements with Management*

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting, or auditing matter, whether or not resolved to my satisfaction, that could be significant to the financial statements or the auditor's report. I am pleased to report that no such disagreements arose during the course of my audit.

### *Management Representations*

I have requested certain representations from management that are included in the management representation letter dated January 16, 2018.

### *Management Consultations with Other Independent Accountants*

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the governmental unit's financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, my professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To my knowledge, there were no such consultations with other accountants.

### *Other Audit Findings or Issues*

I generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the governmental unit's auditors. However, these discussions occurred in the normal course of my professional relationship and my responses were not a condition to my retention.

This information is intended solely for the use of the Town Council and management of Town of Bartonville and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

*William C. Spore*

Certified Public Accountant

---

To the Town Council  
Town of Bartonville

In planning and performing my audit of the financial statements of the governmental activities and major fund of the Town of Bartonville as of and for the year ending September 30, 2017, in accordance with auditing standards generally accepted in the United States of America, I considered the Town of Bartonville' internal control over financial reporting (internal control) as a basis for designing my auditing procedures for the purpose of expressing my opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the governmental unit's internal control. Accordingly, I do not express an opinion on the effectiveness of the governmental unit's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A materiel weakness is a deficiency, or a combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis.

My consideration of internal control was for the limited purpose described in the first paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. I did not identify any deficiencies in internal control over financial reporting that I consider to be a material weakness.

This communication is intended solely for the information and use of management and Town Council and is not intended to be and should not be used by anyone other than these specified parties.
