Town of Bartonville, Texas Proposed Annual Budget FY 2018-2019

Presented by:

Bill Scherer, Mayor Michael Montgomery, Town Administrator Tammy Dixon, Town Secretary

1941 E. Jeter Road Bartonville, Texas 76226 817-693-5280

This budget will raise more total property taxes than last year's budget by \$76,284 which is a 11.23 percent increase from last year's budget, and of that amount \$23,092 is tax revenue to be raised from new property added to the tax roll this year.

This page is included to comply with the Local Government Code Section 102.005, Subsection (b) The Town's tax rate is remaining at \$0.19294

Town of Bartonville

2018-2019 Fiscal Year

Budget Overview

COMMUNITY PROFILE AND GENERAL INFORMATION

With its unique location just north of the Dallas/Fort Worth Metro area and its easy access to the DFW Airport, Bartonville provides a pleasant residential setting with a rural atmosphere. Bartonville remains rural while providing convenient connectivity to amenities and jobs throughout the Metroplex. Bartonville is a Type A General Law City and operates under the Mayor-Council form of Government. The elected body is made up of a Mayor and five council members elected by place. Terms of office for all Council members and the Mayor are two year staggered terms. The Town Administrator is directly responsible to the Town Council and is responsible for the daily operations of the Town and implementing Town Council policy.

FINANCIAL STRUCTURE

Governmental Funds are those through which most governmental functions of the City are financed. The acquisition, use and balances, of the Town's expendable financial resources and related liabilities are accounted for though governmental funds. The measurement focus is upon determination of changes in financial position, rather than upon net income determination. The following ate the Town's governmental funds:

General Fund:

The General Fund is used to account for all revenues and expenditures not accounted for in other funds and is the principal fund for the Town. The General Fund, which is used to account for resources associated with core government services, is primarily supported by the ad valorem tax, general sales tax, franchise taxes, license and permit fees, and municipal court fines. All the programs included in the budget are justified, efficient, and serve the basic needs of the community.

Reserve Fund:

The Reserve Fund is used to account for unplanned and emergency expenses that cannot be covered by the General Fund. The Town's goal is to maintain 25% of budgeted expenses in this fund.

Street Maintenance Fund:

The Street Maintenance Fund is used to account for the annual maintenance and repair of roads as well as major reconstructions and overlays.

Economic Development Liability Fund:

The Economic Development Liability Fund is used to clearly illustrate the Town's liability in relation to the 380 Agreement with Lantana Town Center. Sales and property taxes from the General Fund are transferred here. The annual payment to the developer is made from this fund.

Interest & Sinking Fund:

The Interest & Sinking Fund is used to account for the financial resources to be used for the payment of principal, interest and related cost on tax notes.

Court Security & Technology Funds:

The Court Security & Technology Funds are used to support the security and technology operations of the Municipal Court.

Capital Improvement & Vehicle and Equipment Replacement Funds:

The Capital Improvement & Vehicle and Equipment Replacement Funds are used to account for financial resources to be used for the acquisition and construction of major capital facilities and equipment.

Special Revenue Funds:

The Bartonville Community Development Corporation & Bartonville Crime Control District facilitate and account for economic development and public safety expenses.

Basis for Accounting and Budgeting

Government funds follow the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recognized in the account period in which they become both measurable and available to finance expenditures of the fiscal period. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period.

The Comprehensive Annual Financial Report shows the status of the Town's finances on the basis of "Generally Accepted Accounting Principles" (GAAP). The Town prepares its budget on the

GAAP basis. The modified accrual basis of accounting is used for all the governmental and fund type budgets.

Balanced Budget:

It is the policy of the Town to prepare a balanced budget. A balanced budget is one where the proposed expenses are less than or equal to the estimated revenues. A balanced budget may also include situations where the Council approved the use of reserved of the fund balance to offset the revenue shortfall. If, during the year, the revenues received or expected to be received will be less that estimated the Mayor or Town Administrator will recommend a revised or amended expense appropriation for Council approval that will again balance the budget.

REVENUE SOURCES

The following information is a general description of the major revenue sources for the Town of Bartonville's major operating funds and the assumption used to project those revenues for this budget. Most projected revenues are based on assumptions of historical data with increases and decreases associated with economic and rate changes.

General Fund:

<u>Ad Valorem taxes</u> – Ad Valorem taxes comprise about **47%** of the estimated General Fund Revenue for FY 2018. This includes current and delinquent tax payments as well as penalties and interest. The Town's ad valorem tax rate is calculated based on the certified appraisal rolls provided by the Denton Central Appraisal District (DCAD).

A combined tax rate is adopted each year by the Bartonville Town Council (a) for the use and support of the Town's General Fund (referred to as the maintenance and operations rate) and (b) to finance the Town's Debt Service Fund (referred to as interest and sinking fund) for payment of annual principal and interest due to outstanding general indebtedness. **Note: The Town of Bartonville does not currently have any debt pledged to I&S; funds are being placed in the interest and sinking account for Tax Notes, Series 2015. **

Below is a table of the trends in assessed values, tax rates,, total collection and percentage increase/decrease.

Fiscal Year starting October 1st	Assessed Value of Taxable Property	Tax Rate	Total Collection	% Increase/ Decrease
2011	246,922,023	0.19294	\$456,524	2.74%
2012	248,528,888	0.19294	\$476,137	4.30%
2013	248,198,638	0.19294	\$478,168	0.43%
2014	263,666,333	0.19294	\$509,331	6.52%
2015	255,717,641	0.19294	\$561,127	10.17%
2016	284,471,222	0.19294	\$629,303	12.15%
2017	308,416,383	0.19294	\$679,179	7.93%
2018	344,102,274	0.19294	\$755,463	11.23%

Ad Valorem taxes are due on or before January 31 of the next calendar year. Projections for delinquent tax revenues are those collected after January 31 and are based on conservative prior years' experience, as well as interest and penalties on delinquent ad valorem taxes.

<u>Sales tax</u>- The Town's 1 cent share of all local taxable sales is remitted by merchants to the State Comptroller's Office and then distributed to the Town on a monthly basis. This represents approximately **23**% of total revenue for the General Fund. Our economic outlook is conservative for the upcoming fiscal year. We are projecting an increase in sales tax due to the economic growth in town.

<u>Utility Franchise Fees</u>- A percentage of local gross receipts remitted to the Town by each privately owned utility (electric, telephone, gas, waste and recycling collection, and cable) providing services to Bartonville citizens for their use of the Town's right-of-way. This can be the right-of-way used by the companies for their utility lines or the use of the streets for their vehicles. Revenues are based on terms of a franchise agreement between the Town and the utility. The majority of franchise revenue is based on a percentage of gross revenue from the utilities. This fee totals an estimated **10%** of General Fund revenues.

<u>Permits, Licenses and Inspections</u> – This includes construction permit fee and contractor registrations fees. This revenue source makes up approximately **5%** of General Fund revenues for fiscal year 2018.

<u>Municipal Court Fines</u> – This includes fines levied for misdemeanor offenses occurring within the Town. This revenue source makes up approximately **4%** of General Fund revenues for fiscal year 2018.

Special Revenue Funds

<u>Street Fund</u> – On May 7, 2016, the voters approved increasing the dedicated sales and use tax for street maintenance from ¼ cent to ½ cent. The increase will take effect on October 1, 2016. The Street Maintenance Fund provides for maintenance of streets including resurfacing, concrete repair, crack-seal, and surface sealing of residential and arterial roadways. The dedicated sales and use tax is remitted by merchants to the State Comptroller's Office and then distributed to the Town on a monthly basis.

Bartonville Community Development Corporation – On May 7, 2016, the voters approved decreasing the dedicated sales and use tax for the Community Development from ½ cent to ¼ cent. The decrease will take effect on October 1, 2016. These funds are transferred to the Bartonville Community Development Corporation. These funds can only be used for authorized categories under Section 4B of the Development Corporation Act. The dedicated sales and use tax is remitted by merchants to the State Comptroller's Office and then distributed to the Town on a monthly basis.

<u>Bartonville Crime Control and Prevention District – ¼</u> cent of the sales tax goes to fund public safety operations in the Town of Bartonville.

<u>Municipal Court Security Fee -</u> This fee is the collection of \$3 from defendants convicted of a misdemeanor offence. Funds can only be used for purposes that provide security for the operations of the municipal court. Projections are based on traffic citation estimates.

<u>Municipal Court Technology Fee</u> - This fee is the collection of \$4 from defendants convicted of a misdemeanor offense. Funds can only be used for the purpose that provides or maintain technological enhancements for the operation of the municipal court. Projections are based on traffic citation estimates.

BUDGETARY SYSTEM AND PROCESS

The Texas Local Government Code required the Budget Officer to prepare a municipal budget to cover the proposed expenditures of the municipal government for the succeeding year. Per state law, the Mayor of a municipality serves as the budget officer for the governing body. The budget officer shall itemize the budget to allow as clear a comparison as practicable between expenditures included in the proposed budget and actual expenditures for the same or similar purposes made for the preceding year. The budget must show as definitely as possible each of the projects for which expenditures are set up in the budget and the estimated amount of money carried in the budget for each project.

The budget must contain a complete financial stat of the municipality that shows:

- 1. The outstanding obligations of the municipality;
- 2. The cash on hand to the credit of each fund;
- 3. The funds received from all sources during the preceding year;
- 4. The funds available from all sources during the ensuing year;
- 5. The estimated revenue available to cover the proposed budget; and
- 6. The estimated tax rate required to cover proposed budget.

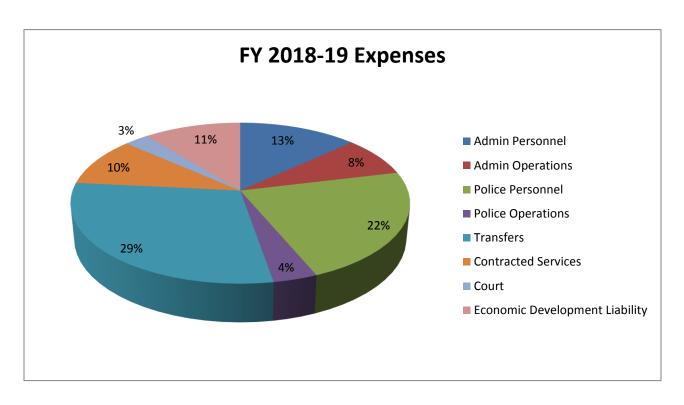

As part of the general government budget presentation, there is also a simultaneous preparation of a budget for the Bartonville Community Development Corporations (Type B). Due to their separate legal status, the respective board must approve their budget, which is then sent to the Town Council for final approval and appropriation.

Following adoption of the budget by the Town Council, the Town Administrator and department heads monitor expenditures and revenues throughout the year to ensure that the integrity of the budget is maintained.
